

SUMMARY

Computer Science undergraduate with a strong foundation in data science, machine learning, and analytical problem-solving. Experienced in building end-to-end data-driven solutions and extracting meaningful insights from complex datasets. Demonstrates a proactive approach to learning, with a focus on developing scalable and impactful solutions to real-world problems.

EDUCATION

IMS Engineering College

Bachelor of Technology in Computer Science

Ghaziabad, India
Sep 2023 – Jun 2027

SKILLS SUMMARY

Languages	Python, SQL, C++
Machine Learning	Scikit-learn, AutoML, LLMs (Groq Llama, Claude), NLP, Pipelines
Development	React, Tailwind CSS, FastAPI, REST APIs, Vite, Streamlit
Libraries	Pandas, NumPy, Matplotlib, Seaborn, EDA
Databases	Supabase, MySQL
Tools	Git, Jupyter Notebook, Hugging Face, Kaggle, OpenAI

- PROJECTS
- SkillSync AI | *React, FastAPI, Supabase, LLMs*

GitHub Link

 - Developed an AI-powered platform to aggregate resumes, LinkedIn, and GitHub data into unified candidate insights.
 - Built an LLM pipeline for skill extraction, semantic matching, and personalized career recommendations.
 - Implemented REST APIs with FastAPI and managed backend services using Supabase.

DecentraLens | *Static Analysis, JavaScript, Heuristics Engine*

 - Built a serverless static analysis tool to evaluate decentralization and system resilience using deterministic rules.
 - Analyzed dependencies, configs, and network calls to detect centralized services and failure points.
 - Designed an evidence-based audit system for transparent and explainable results.

Aetheris | *React, FastAPI, XGBoost, LLMs*

 - Developed a real-time surgical dashboard with ML-based risk prediction and anomaly detection.
 - Implemented live vitals monitoring, alerting system, and end-to-end workflow from pre-op to post-op care.
 - Integrated LLM-based report generation and OpenFDA API for clinical decision support.

- WORK EXPERIENCE
- Sparks Club — Vice President

2025 – Present

 - Led 15+ technical workshops and sessions on Python, data science, and competitive programming.
 - Impacted 100+ students through hands-on technical training sessions.

- ACHIEVEMENTS & CERTIFICATIONS
- The Unstoppable Hackathon Finalist (Top 10) — AOSSIE

Dec 2025

The Ultimate Job Ready Data Science Course — Code with Harry

March 2026

Participated in 6+ National-Level Hackathons

Solved 100+ DSA Problems on LeetCode, Code360, and CodeChef
